VOLUME II No. 18

County-wide solid waste study down, but not out

An effort by the Township of Anson, Hindon and Minden to have a county-wide study undertaken to determine potential sites for solid waste disposal is still alive, but just barely.

The proposal was presented to the members of the county council during the regular meeting February 20. The presentation by Ministry of Environment officials received a cool reception and was voted down in a close 13-12 recorded vote. (Under provincial regulations reeves and deputy reeves from townships with higher populations receive proportionately more votes. This is reflected in the high vote total when in fact there were only 17 taking part in the vote.)

Despite the fact the question was lost on the recorded vote, Minden Reeve Sinclair Nesbitt was able to keep the issue alive and the matter is to be considered by all township councils before its fate is sealed.

The proposal, as outlined by Ministry of the Environment officials Frank Rheinholz and Terry Healey, was for a county-wide study to identify the areas most suitable for garbage dumps. The spokesmen estimated the cost of the study would be \$28,000 with the ministry paying fifty percent.

Rheinholz said the council would maintain control over the study, setting the priorities and guidelines. He said the only request from the ministry would be that MOE officials be included on the study group, which would include the consultants, county representatives and the MOE officials.

The spokesman said the purpose of the study was not to examine existing dumps within the county but rather to give some idea of the county's needs in the next 25 years for waste disposal and to pinpoint potential dump development sites.

Despite these assurances there seemed to be some concern by a number of councillors that the study would be used to gather data to be used to close municipally operated dumps or force townships to carry out expensive improvements to the facilities they now have. A suggestion that the study may find one or two central dumps more suitable than the present system of having one or more dumps in each township also sparked concern by some councillors.

Reeve Robert Vick of Snowdon Township rejected this proposal saying it would cost too much to haul the garbage to the central point. Lutterworth Reeve Ron Gambell commented, "If the study did endorse a central dump it would eliminate a lot

of smaller operations that are more convenient. Cottagers in the county don't get much for their tax dollar except the road in ... we shouldn't be taking away the convenience of a nearby dump as well."

The MOE spokesman pointed out that with increased tourism and cottage activity in the county, the disposal of garbage is bound to become a serious problem. He noted that any recommendations made by the study would not be binding on the county or municipalities. "It would probably be wise for the county to take note of what is being said in any final report," the spokesman commented, "but there is no provision that would bind the county to those findings."

Rheinholz emphasized that the consultants who would be hired to undertake the study would be under contract to the county and therefore the county would be responsible for setting the controls on the investigation.

He noted that a similar study is just being completed in the District of Muskoka and that the townships had voiced similar concerns when the matter was first proposed there.

Dysart et al Reeve Murray Fearry asked the representative why the ministry was not willing to carry out the study itself. "Why must we always be hiring consultants for these studies?" he asked.

Rheinholz replied that while the Ministry of the

Environment has expertise in a number of areas, it did not cover the full range of disciplines, transportation or social behavior for example, that would be needed to prepare a complete study.

He said the study would take about six months.

Minden Reeve Sinclair Nesbitt, a strong supporter of the study, warned the councillors that the ministry could bring pressure to bear on the municipalities in a

couple of years with regard to the condition to the dump sites. "At that time they could say 'you were offered help in the form of a 50-50 shared cost study and you turned it down' and we will have to pay for a study to find new sites anyway." Nesbitt said the offer of a 50 percent subsidy on such a study was not offered too often. He urged the councillors to take advantage of it.

After the recorded vote defeated the motion asking

for the MOE to carry out the study, further discussion ensued and the members of the council agreed to take the question back to their councils for discussion.

Once the municipal councillors have had an opportunity to consider the proposals an informal reading of all the townships will be gathered for the March 9 meeting of the county budget committee. If the consensus appears to be in favour of the

proposal, the \$14,000 county's share of the study will be included in the budget. If there appears to be no support for the study, the matter will be dropped from the budget.

If the matter is included in the budget estimates for the coming year, the members of the county council will still have an opportunity to defeat the proposal when approval of the budget is sought at the next meeting.

Archie Stouffer Public School was full of clowns Thursday morning as students and staff participated in Clown Day. A professional clown who was to entertain the students was unable to attend, so the teachers presented a programme of skits and songs.

Council considers centre for Lutterworth

Does Lutterworth Township need a community centre?

That question was raised at the Thursday night meeting of township council and from all indications around the table, the members of council are in favour of such a project.

The suggestion was placed before the meeting by Councillor Allan Stott. He noted that many senior citizens from the township have joined club activities in Haliburton Village because there was no central meeting place or activity centre in the township. He suggested that a structure, which could include kitchen facilities, could be built on the land adjacent to the municipal office on Highway 35. "This location would be central to the township and also serve the large concentration of senior citizens who now reside in Lutterworth Estates," Stott commented.

The councillor also suggested that the hall could be rented for dances, bingos,

wedding receptions and other private functions, to help cover the costs of its operation.

Councillor Bill Valentine described the idea as, "...an

excellent suggestion." He wondered if there would be funds available for the project from Wintario. "There seems to be a lot of money floating around for recreation

Don't be stuck without a sticker

Automobile owners have until this Friday to get their 1980 licence plate stickers.

February 29, an extra day this year because of leap year, is the final day cars can be driven on provincial highways with 1979 stickers. The new plate stickers are currently on sale at the Minden Boat Works office, Highway 35.

Licence issuer Reg Booth predicts the office will sell close to 2000 plate stickers this year, a figure similar to the number in 1979. He reports that, as of the beginning of the week, close to 1000 had been sold, leaving many car owners to scramble for their validation markers in the last few days before the deadline.

"We are not planning any extra hours this year," Booth commented. "The office will be open until 5 p.m. daily and, as usual, the province has not extended the deadline for the stickers beyond the end of February."

For those who dare to flaunt the law and are caught on the road after Friday midnight without their 1980 validation certificate they could face a fine of \$28.

projects," Valentine said and suggested that the hall could be built "for very little (local) money."

Deputy Reeve Glynne Lewis, who chaired the meeting in the absence of Reeve Ron Gambell, said the centre would help to draw the Lutterworth community together. It was pointed out that residents of the township now gravitate to three centres outside the municipality, Minden Village, Norland and Kinmount. Lewis said such a centre would enhance community spirit.

The meeting was told that a community centre is rarely self-supporting and the taxpayers will have to be willing to share a portion of the operating costs each year. "We can expect to earn a certain amount from hall rentals but it probably won't generate enough revenue to cover all expenses," Valentine said.

The councillors agreed to continue investigating the suggestion with an inquiry being made into the types of buildings available and the experiences of other municipalities in the county with regard to operating expenses and other details.

While all councillors

expressed an interest in the undertaking there were indications that it may be some time before the project actually gets going.

Library funds

The following donations have been received for the Minden Library-Gallery complex. Those wishing to make donations should send their cheque to: Library Fund Raising Committee, Box 2, Minden, KOM 2K0.

John Pentney \$5; Olga Myles \$100; Harold Morgan \$150; Len Lonsberry \$100; Jeff Lodenquai \$100; R. Krick \$25; S. Labarge \$20; H. Earle \$5; Mrs. Joe Dollo \$10; C.A. DeLaurier \$25; M. Doughty \$25; A. Connop \$10; L. Schneider \$10; M. Robinson \$5; E. Tidmarsh \$5; C. Branson \$50; M. Barkwell \$20; Beatrice Taylor \$25; Ontario Hydro office staff \$5; Women's Institute \$100.50; Minden Kinettes \$200; Shell Oil Company \$300; Molson Company \$450; and Northern Dental Laboratory \$25. (More next week).

FROM THE CHAMBER

By Bob Stinson

Today's column will be very abbreviated because we are fighting deadlines to have this year's directories ready and published in time for the Sportsmen Show. We just have time to remind you of some deadlines you should be aware of:

March 10 - is the deadline for us to submit our information to the Ministry of Industry and Tourism for this summer's coming events. Please call the Chamber office at 286-1760 and advise us of your plans now.

March 11 - is the deadline for the Chamber to submit provincial recommendations for this year's submission to cabinet. We explained this procedure last week and are still open for ideas from our members.

March 13 - We are on our way to Toronto with this year's display for the Sportsmen Show. You can send your own brochures with us for only \$15.00 or you can come along yourself for two days for \$60.00. There's still some room but you must book

through the Chamber office in advance and have your literature there before we leave.

March 15 - last day to view the rug-hooking exhibits currently on show at the Rail's End Gallery in Haliburton.

March 8 - Last snowmobile rally of the season is the "Wilberforce Minor Hockey Rally" which starts at the community centre at Harcourt at 1:00 p.m. Sponsors sheets are available throughout the community and at the Chamber office. The rally is followed by a

dance at the Harcourt Hall for everyone and a spaghetti dinner for the participants.

March 15 - "Last Chance Fun Ski Day" at the Forest and Wildlife Reserve begins at the famous "Boiler Room".

March 29 - Signals the end of winter with the official "Sugaring off" day at the Frost Centre near Dorset. Tours of the sugar bush and demonstrations of production methods along with sleigh rides and a pancake lunch.

Snowarama raises \$17,000

It was another successful year for the Haliburton Highlands Snowarama. This year's effort, which was completed Sunday afternoon, raised a total of \$17,653.

Co-ordinator for the two sponsoring Rotary Clubs, Lionel Walker of Minden, said he was very pleased with the results, particularly since the run had to be postponed for a three week period due to a lack of snow. "I'm sure that delay had hurt any chance we had of beating last year's total," Walker commented on Monday, "but the fact that we were able to maintain that amount is a good sign."

There were few problems along the 100 mile route that took snowmobilers north from Minden across a series of lakes to Kennisis, south through Haliburton Village and back to Minden. Gusty conditions during the afternoon reduced visibility on some of the lakes but the trails had been clearly marked, so riders were able to follow the route.

Walker said there had been a number of mechanical problems with a few machines in the run, but everything else went smoothly.

The money raised in the run is donated to the Ontario Society for Crippled Children. The event was created several years ago by former wrestler Whipper Billy Watson. Locally, the event is

sponsored by the Rotary Clubs in Minden and Haliburton.

Riders have the option of starting in Minden or Haliburton. There were 108 riders registered in Minden, carrying with them pledges amounting to over \$11,000. 34 riders left from the Haliburton starting point with pledges amounting to \$6,653. The rider with the highest value of pledges was Jack Courtney of Kitchener who registered in Haliburton. He had \$2000 in pledges. The rider with the highest value of pledges in Minden was Dell Taylor who was riding to raise \$1490 for the society.

Skating trials

The inter-club figure skating competitions are being held in Haliburton on Sunday March 9 from 8:00 a.m. to 6:00 p.m.

The inter-club group includes representation of several skating clubs in Ontario. Minden, Haliburton, Bobcaygeon, Fenelon Falls, Lakefield, Lindsay and Bancroft clubs will all have members participating in the competition.

Compulsory figures and dances will take place, with the compulsory figures taking place in the morning and

David Hulbig leads the colour party of the First Minden Scout Troop at the annual church parade commemorating Lord Baden-Powell's birthday at Our Lady of Fatima Church on Sunday. Brownies, Cubs and Scouts joined together with the congregation on this special day.

Township must stop fires or close dump

Councillors at the February 13 meeting of Anson, Hindon and Minden Township council had garbage on their minds.

The council met with representatives of the Ministry of the Environment to discuss various problems and areas of concern within the municipality, including the Scotch Line garbage dump.

Their visit to the meeting had been prompted by a letter from Minister of the Environment Harry Parrott which outlined a number of problems at the local facility, including the uncontrolled burning of waste. The Minister's letter warned that unless some action is taken to stop the burning, the site will have to be closed.

The MOE representatives,

Frank Rheinholz and Terry Healey, described a number of programs for assistance in closing the present site or for providing adequate cover material and fencing, but indicated that any expense incurred by the municipality by having an attendant on hand would have to be borne by the township.

"Your major problem is the fires," Rheinholz stated, "that is the only reason I am here today."

Rheinholz asked if the facility had to be open seven days a week and if some system of collection at the gate might be instituted during those periods when the gate is closed. The council felt it was necessary to keep the dump open throughout the week during the summer months.

The MOE spokesman stated that even though the municipality may be able to control the fires at the dump, if studies show the leachate from the dump is polluting area waterways the facility would have to be closed. He advised the council to begin a search for a new facility.

It was also pointed out that the Ministry of the Environment was willing to fund fifty percent of county-wide study to determine suitable locations for dump sites. The spokesman for the ministry agreed to appear before the

February 20 meeting of county council to discuss this program.

Sewer extension

A request from the council that the sewer line be extended south along Highway 35 from the Brown Owl Restaurant received a cool reception from the ministry personnel. The spokesmen said that there were two provincial programs under which the extension, to as far as the Bell Telephone building, might be funded, but he held out little hope for either.

Reeve Sinclair Nesbitt said the property fronting on the highway would probably be developed if a sewer line were installed in the area. He said that the sewage from the police station is being trapped near the surface by a deeper layer of clay. He indicated that this situation could be creating a health problem and reason for the extension to be put in.

He also said that since the ministry had completed studies of the area a few years ago, the results of these could probably be used and thereby save the municipality some money.

The MOE representative said he would examine the area in question to see if it might qualify for special assistance because of the potential health hazard.

The final count

The official figures for the February 18 election have been released by the Returning Officer, John Bovie. While there was no question as to who would be declared the winner in this riding, based on the unofficial results last week, the official count has shown some minor adjustments in the final total. This is the way the candidates stand officially:

Bill Scott	20,308
Ivan Rodd	12,388
Patrick Daniel	8,884
John Hayes	367
rejected ballots	149

A total of 42,096 votes were cast in this riding.

Correction

In a report carried in last week's edition concerning the poll-by-poll breakdown of voting in Haliburton County, poll number 22 was incorrectly identified as Kinmount. Polling station number 22 was located in Furnace Falls. The article also indicated that Bill Scott had won all polling divisions except Kinmount (Furnace Falls). This was incorrect. In addition to placing second in the Furnace Falls polling station he also trailed at poll 25 in Gooderham and poll 6, Eagle Lake. The MP for Victoria-Haliburton did lead the polling division of Kinmount, where he resides.

Road costs rise

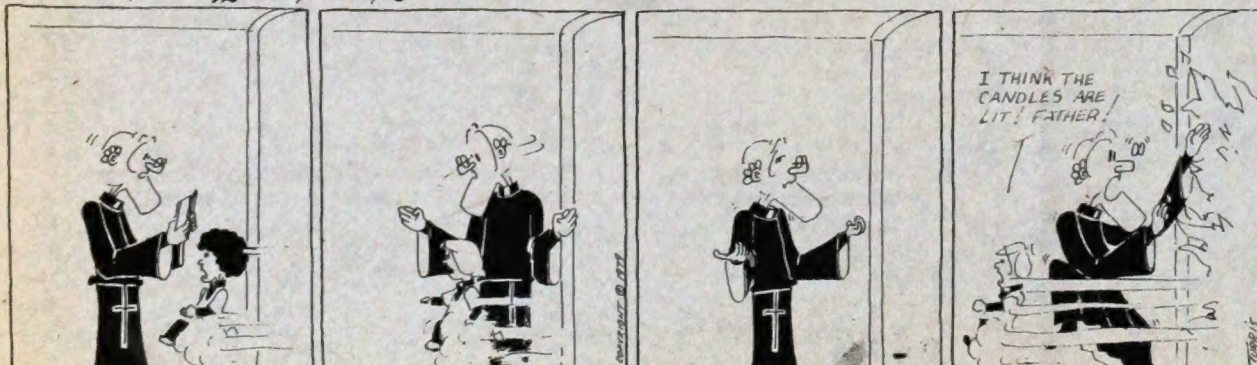

The Township of Lutterworth has applied to the Ministry of Transportation and Communications for approval of its road expenditure program for 1980.

The council approved a request for \$108,000 at its Thursday night meeting. The amount represents an increase of \$5000 from last year's amount.

In addition to the request for regular funding, the township has also applied for supplementary allocations for four items. These include additional improvements at the Rackety Creek Bridge at \$16,000, \$18,000 for a new loader, the purchase of a new truck for the roads department at \$8,000, and \$3,000 for the installation of toilets at the municipal garage.

The \$108,000 requests covers routine maintenance and some construction to township roads.

Father Dickens

YOGA AND YOUR FIGURE

The abnormal accumulation of fat, evenly or unevenly in the body results in the hardening of the body's muscular tissues. Yogic exercises pay great attention to fat, joints, spinal column, good circulation, proper breathing, keeps you young, and most wanted by women gives a beautiful figure. Yogic exercises develop the body and also broaden the mental faculties. Yoga is for everybody. For more information call your Yoga teacher Susan at: 286-1750.

Minden student to serve as page

While there are rumblings in Queen's Park of a possible election this spring, there is one youth in Minden who is hoping the politicians can hang in there, at least until summer.

Fourteen year old Dawn Elliott is watching the give and take of the provincial politicians with increased interest these days because she has been selected to serve as a page in the Legislative Assembly. She was told of her selection February 15 and is eagerly looking forward to the experience which will start April 21.

Naturally, if a provincial election is called, the services of the pages will no longer be required.

Dawn's selection as a page for a five week term ends two years of writing letters in an effort to be accepted. She sent her first letter of application in January 1978, when she was a grade six student at Archie Stouffer School. At that time she was informed that legislature pages had to be in grades seven or eight and

she was told to re-apply the following September.

In the following 18 months a series of letters were exchanged between Dawn and a representative of the Speaker of the Legislature, who is responsible for the hiring of the pages. Early this year Victoria-Haliburton MPP John Eakins added his support to the application and this month Dawn was informed she had been accepted.

One point that may have helped convince the Queen's Park authorities to accept her application is that according to Eakins there has never been a Legislative page from the County of Haliburton. While a number have served in Queen's Park from the riding of Victoria-Haliburton they have all come from Victoria County.

There are 20 pages hired for five and six week terms at the Ontario Legislature. Until recently it was a position reserved for boys but now the contingent is split evenly between girls and boys.

The students must be in grades seven or eight in Ontario and must have an average of 80 percent or better. They are also required to obtain their principal's permission to be absent from school during the period they are serving as a page.

That is not to say their education stops during the time they are serving in the legislature. The pages are divided into two groups, depending on grade level. The grade seven pages are on duty two days of the week and attend special classes two days a week. A similar schedule, with alternate days, applies to the grade eight pages.

The pages are paid for their work. They are provided with an honourarium of \$7.50 per day and \$3.75 per night session. The students must provide their own transportation to the legislature and must also arrange for their own accommodation in Toronto.

Dawn admits that her knowledge of the workings of the Ontario Legislature is limited but she is looking forward to the experience. She is particularly excited about the opportunity to meet students from other parts of the province and the chance to get a first hand look at politicians in action.

Dawn Elliott will be serving as a page in the Ontario Legislature later this spring.

Auto sustains \$1800 damage

A 1977 car driven by Dawn Brohman, 34, of Haliburton was ditched for \$1800 on February 19.

Brohman received minor injuries in the accident in which the truck went into the south ditch on North Kashagawigamog Lake Road, and struck a tree.

The investigating officer was Constable Mike Smith.

Loses control

Joseph Waite, 18, of Toronto lost control of his southbound car, on Highway 35 south of Minden, and struck a rock cut in the west ditch. The accident occurred February 24.

Waite's 1973 car was hit for \$1000 damage, however Waite was uninjured.

The accident was investigated by Constable Reg Eveligh.

By-pass be top should priority

The members of Lutterworth Township Council want to see the county roads department correct deficiencies in existing roads before building others.

That opinion was expressed

Wolf bounty stands

Haliburton County will continue to have a wolf bounty.

The county council rejected a motion Wednesday morning to eliminate the bounty in the county. The motion had been proposed by Anson, Hindon and Minden Reeve Sinclair Nesbitt. It drew no support from the other township representatives attending the meeting.

Nesbitt had argued that the bounty was not helping to control the wolf population in the county. He had also pointed out that the high price of the wolf pelts at fur auctions provided enough incentives to trappers and hunters to take wolves.

Stanhope Deputy Reeve Elgin Stouffer said that the wolf bounty should be maintained, "not to exterminate the wolves from the area, but as a control measure." Stouffer said the wolves are stealing from traps set out by fur trappers and that this was cutting down on the quality and quantity of the fur harvest in the county.

Stouffer said the bounty should be given what he describes as a "fair chance". He commented, "Three or four years should give some indication of whether the bounty is making any difference. If the wolf population is kept under control, the bounty should be continued." He said there had been a slight drop in the wolf population this past year but suggested that one year should not be used to determine the future of the bounty.

The county pays \$25 for each wolf killed.

in a resolution passed at the regular meeting of the council held Thursday evening. The councillors are particularly upset with the condition of County Road number 2 where it meets the Devil's Lake Road, near Little Gull Lake. The meeting was told that the portion of the county road is very dangerous for motorists and a hazard to cottagers, particularly children, during the summer months.

The road currently cuts between a number of cottages and the lake which means there is a great deal of pedestrian traffic in the summer. In addition, according to the council, a number of sharp turns, steep hills and deep ditches add to the hazard to motorists.

The council has proposed that the county build a by-pass around this area. It was suggested that a township concession line, which would take traffic behind the existing cottages, should be considered by the county as an alternative. The distance of new construction required would be a mile and two-tenths, according to Deputy Reeve Glynne Lewis.

Councillor Bill Valentine noted, "The last time the county spent any money on roads in this township was in 1971". Councillor Bill Prentice added, "The county should make this road safe before proceeding with new construction." He was referring to the county's plans to extend the road network in the northeast portion of the county.

The resolution of the council will be forwarded to the county for consideration when it sets the 1980 road work priorities.

Editorial

Legislating common sense?

A motion passed Wednesday by the Haliburton County Council urged the federal government, and more specifically the Department of Transport, to do something about the hazards of open water during the winter season. The motion was proposed by Donald Shortreed, Deputy Reeve of the municipality of Sherborne, McClintock and Livingstone.

The councillor pointed to the hazard open water creates for snowmobilers, particularly at night. He suggested that some system of placing flashing beacons at dangerous locations should be undertaken so the areas are easily identified.

While the intention of the motion, to protect and perhaps save the lives of errant snowmobilers, is an admirable one, we don't suspect it will find much support in Ottawa, and rightly so. The responsibility for protecting the lives of snowmobilers should remain exactly where it is now, on the shoulders of the machine operators.

Driving a snowmobile, like operating any other vehicle, requires that certain 'rules of the road' be obeyed. While some of these 'rules' can be found in the law books of this country, the majority are not. These can be classified simply as common sense.

The greatest burden for the safe operation of snowmobiles rests with the drivers. No matter how many laws are passed, or provisions carried out for the protection of the snowmobilers, that responsibility rests with the man at the controls.

Excessive drinking, taking unnecessary risks, venturing into unknown territory, these and other factors can lead to tragedy for the snowmobiler. The solution...common sense, something that no legislation or warning device can instill in anyone.

By all means the community should be taking reasonable and prudent measures to protect snowmobilers from hazards, but at the same time it shouldn't be forgotten where the majority of the responsibility for safe snowmobiling lies.

Federation opinion on wolf bounty

"Outdoors" is the name of a column that appears regularly in *The Times*. The column, prepared by Ron Reid of the Federation of Ontario Naturalists, deals with items of interest to outdoors people. Pollution and environmental issues are also discussed.

While the column usually occupies its own space in the paper, this week's submission was particularly relevant to an issue currently being discussed in the area, that of wolf bounties. For this reason we yield a portion of our editorial space to the commentary from the federation on this subject.

Too many Canadians still believe the story of Little Red Riding Hood. When our European ancestors settled the Canadian wilderness, they brought with them a long tradition of such horror stories - stories of packs of hungry wolves attacking and killing women and children. But despite the strength of this legend, only one documented case of an attack by a timber wolf has been recorded; in that 1942 incident, the wolf was found to have rabies, a rare occurrence in this species.

One of the highest wolf densities in Ontario occurs in Algonquin Provincial Park. Even though packs of wolves have been traced crossing campsites at night, no incident has ever occurred. Despite the legends, you are in far more danger of being attacked by a dog on a city street than a wolf in the

wilderness.

Another legend, equally unfounded, blames wolves for Ontario's dwindling herds of deer and moose. Since the Ministry of Natural Resources has estimated that moose populations are now 35% below their former numbers, and since deer numbers have never recovered from the late 1950's, the pressure is on once again for extermination of these large predators. Unfortunately, the decline of moose and deer is caused mostly by over-hunting and habitat changes, and the renewal of wolf control would be ineffective as well as unfair.

While there is no question that timber wolves feed on deer and moose, scientific studies have repeatedly shown that they select the old and diseased, or the young and weak animals. This predatory pressure helps keep the

Letters

Editor:

It is to be hoped that the proposed Steam Excursion Train gets on the rails. Not only could it be run on weekends but on alternate days through the vacation months of July and August. It could be made available to service clubs, church picnics, and organizations holding conventions in the area on off-days.

Messrs. Skelcher and Ayers are to be congratulated on their efforts so far and they should be encouraged by every municipality on the proposed route.

Financing such an operation is the key question - annual grants by every level of government to avoid annual losses would be hard to get, but if sufficient private capital could be attracted to handle the capital costs, and much publicity generated to create interest in this venture, a viable situation might be reached.

Driving to the cottage every weekend from May to November is an exhausting process, as is the ride home. Costs have doubled in the last two years, and will get worse.

During July and August the traffic is badly congested especially Friday nights and Saturdays. Many cars carry only the driver. Look at the accident toll!

It would be wonderful to step on a train at 4:30 Friday and return Sunday evening - a train with a bar and buffet car. To change at Lindsay and be met at Kinmount, or Gelert. Of course, travellers to the Kawarthas could continue on the same train to Peterborough.

Not only would this lighten highway traffic, with savings in energy costs, but it would increase shopping in local municipalities. Merchants would have to sell at Toronto prices, but the added volume

Minden residents are invited to keep Mae Wolfram in stitches. The owner-operator of Mae's Country Mart displays the canvas on which she is selling stitches at 25c each for the benefit of the Minden Library fund. Mae hopes the project will raise close to \$600 for the new library and the wall hanging will be raffled when it is completed. The canvas was donated by Spinrite Yarns.

would be profitable. Many of our weekend commuters carry only the driver and take their week's supply of food every trip!

I am informed that at the present time the Ontario government is conducting a study of every railway line in the province.

I expect to have information shortly as to the volume of automobile traffic coming into our area as well as the progress of the rail study, and will forward the results to you at that time.

Chris Wahlroth
Toronto

Snow improves trail travel

Haliburton County cross-country skiers and snowmobile enthusiasts can venture onto the public trails once again. The credit for the newly groomed trails can be attributed to the extensive amount of white stuff that has dropped on the county in the last two weeks.

Until recently it has been impossible for the trails to be satisfactorily "groomed" by the Ministry of Natural Resources and the local ski and snowmobile clubs because of the mild climate and a severe shortage of snow.

The maintenance crews have made use of the slow season by fixing up, and re-routing trail sections which have caused minor problems in past seasons.

The Ministry of Natural Resources may be contacted for information on individual trails in the area.

Coming up

The following billboard of coming events is provided as a community service by *The Times*.

Friday, February 29 - 2 p.m. - 4 p.m. - St. Paul's Anglican Thrift Shop

Friday, February 29 - 7:30 p.m. - Card party at Hyland Crest sponsored by Auxiliary. Admission \$1 and there will be refreshments and prizes

Monday, March 3 - The Haliburton County Anti-Pollution Committee will hold a general meeting at 7 p.m. at Minden Municipal office where a slide presentation on Nuclear Power and Alternative Energy Sources will be shown. Everyone is welcome. Refreshments will be served. For further information call 286-2316 or 286-1461

Friday, March 7 - World Day of Prayer at Hyland Crest at 2 p.m. Sponsored by Women's Inter-Church Council of Canada. All welcome

Saturday, March 8 - First Annual Wilberforce Minor Hockey Snowmobile Rally which starts at Harcourt Community Centre at 1 p.m. Dance later in Harcourt Hall. 9 p.m. - 1 a.m. - Tickets \$6 per couple - with registration - \$4 per couple

Sunday, March 9 - Minden Figure skaters competing in the Inter-club Figure Skating Competition at Haliburton 8 a.m. - 6 p.m.

All non-profit community groups are invited to use this bulletin board as a reminder to local residents about their activity. Drop a note to *The Times*, Box 97, Minden or call 286-1288 to have it included.

Sale of land gets nod

County Council has agreed to allow Lutterworth Township to sell a portion of the marine allowance to a private individual. The agreement, which was necessary before the township could proceed, was reached at the February 20 meeting of the council.

According to Lutterworth Reeve Ron Gambell, who has been urging the county officials for the past few months to approve the proposal, the decision is a landmark one that will result in the clearing up of many land ownership problems in his township and others.

The matter arose when a

cottage in Lutterworth Township requested that the municipality sell him land on which a portion of his cottage was resting. The cottage had been built over the marine allowance, a strip of municipally owned land stretching back 66 feet from most lakes and rivers. At the time the cottage was

constructed there was little or no control over the placement of buildings on lakeshore properties.

Since the cottage was placed partially on privately owned land and part on public property, the exact status of the cottage, particularly if it was being sold, was uncertain. The land

owner had requested that the township sell him the portion of the marine allowance (one foot from the edge of the cove) so that he could have free and clear title to the cottage.

There were a number of objections raised to the proposal when it was first placed before the county council in January for approval. Speaking at the February meeting Dysart et al Reeve Murray Fearry said the money from the sale of the land should come to the county. He also noted that a county-wide policy should be adopted so that townships are charging the same amount for the property they would be selling. Fearry pointed out that the land which was being sold actually belonged to the taxpayers.

Gambell said it was the intention of the township to seek a reasonable price for the property.

Stanhope Township Reeve Jim Harrison commented that the money raised through the sale of the land should stay with the townships.

After considerable discussion the council decided to endorse the sale of land by the townships with the proviso that a price for such sales will be established on a county-wide basis.

Glamorgan council notes

The following are highlights from the February 6 meeting of Glamorgan Township Council:

-council has approved pay increases for township staff. The increases amount to an average of eight percent.

-permission was granted to the Haliburton County Snowmobile Association to construct a bridge over the Burnt (Irondale) River. The bridge will be located on the open concession between lots 20 and 21, Concession 6. Approvals from the provincial and federal governments will have to be obtained and the HCSA must maintain liability insurance for the trail.

-the road budget for 1980, in the amount of \$175,518 was approved. A request for supplementary subsidy will be made to the MTC.

-support was given to the resolution, circulated by the council of Anson, Hindon and Minden, for a county-wide survey of geared-to-income housing needs.

Curling club supported but no. 2 on list

Municipal support for a new curling club complex in the community is still strong, but the building ranks number two in the order behind a new library for Minden. The arrangement of priorities was explained at the February 13 meeting of the Anson, Hindon and Minden Township council.

The council was asked, as part of a feasibility study into the need for a new curling club, where the facility stood in relation to other projects. Jim Garbutt, speaking on behalf of the curling club, asked the council to consider the two projects on an equal basis. "I want to see everything possible done for progress in this community," Garbutt told the councillors. He said he would like to see the two buildings sharing top spot on any list of municipal priorities.

Councillor Stu Brandon

told the curling club representative that the municipality has a firm commitment to the library. "If we can't meet the expenses of both, the library is number one," he declared.

The council and curling representatives, Garbutt and Godfrey Saunders, discussed a number of other aspects of the new building. The topics were raised as part of a feasibility study which is being carried out prior to any provincial assistance being made available for the project.

The group agreed that the building should be located on the east side of the present community centre in an area where it would not interfere with the septic tanks or tile bed.

The question of the financial contribution of the municipality to the building was left up in the air. Several councillors said they felt it would not be proper to indicate a specific amount before they knew what the building would cost. Councillor Lyle McKnight also pointed out that once the fund raising committee is

aware how much the municipality is willing to contribute, the target of the drive tends to be lowered to accommodate this amount. The councillors felt it would be best to negotiate a municipal share for the building once it is built. "Once you're finished building I think we'll be more than willing to help you out," Reeve Sinclair Nesbitt stated.

The municipality also agreed to assume responsibility for the maintenance of the structure, although rental earnings from the curling club and others using the facility are expected to cover a portion of that cost.

Hotel damaged

Two unidentified, and as of yet, unfound persons from Boston, caused \$2000 damage to the Hollow Valley Tavern in Dorset, early Saturday morning.

The two upset tables, damaged the bar and the cash register, following a heated argument.

The pair quickly departed the scene by snowmobile, and thus far have successfully eluded the OPP.

OPP Constables Bob Pearson and Dennis Potter went to an inn at Ox Tongue Lake where it was believed that the two persons involved were staying, however the two had already left the hotel.

Mixed reaction to dump study

There was mixed reaction at the Lutterworth Township council meeting Thursday evening to a suggestion that a county-wide survey of solid waste disposal sites be commissioned. It has been estimated that the survey would cost the county \$14,000.

The matter had been proposed the day before at the county council meeting and was defeated on a close recorded vote. The vote was so close that the councillors at the county meeting agreed to allow all township councils to discuss the question before a final decision is taken. The township councils are expected to let the county administration know by March 7 as the budget committee will be meeting March 9.

The members of Lutterworth council seemed most upset at the estimated \$14,000 costs. Councillor Bill Valentine said that was a lot of money (the Ministry of the Environment would match that amount) just to be told where it might be possible to locate garbage dumps. Councillor Bill Prentice suggested, "The natives of this township could probably tell us where a dump should be located".

Deputy Reeve Glynne Lewis noted that the \$14,000 would be shared by all municipalities in the county. He said the county would not be committed to follow the recommendations of the study, "It would just give us

some idea of where the potential sites are," he said.

Councillor Bill Prentice said the county should take over responsibility for garbage disposal in Haliburton. "It is a county-wide problem" Prentice pointed out, "and it involves a lot of money." He noted that some township facilities are being used by residents from other townships or by people from outside the county altogether. "It is time the county took over the responsibility for the dumps," Prentice told the meeting.

The councillors agreed not to agree. Another meeting is planned for early March at which time the group will make its wishes known.

Council wants warning signals

Haliburton County Council has requested that the federal Ministry of Transport study methods of providing warning signals of open water during the winter months.

The matter was raised at the February 20 meeting by Donald Shortreed, Deputy Reeve of the Townships of Sherborne, McClintock and Livingstone. He said he was bringing the matter to the attention of the council because of the hazard these open areas present to snowmobilers.

"I would like to know who is responsible for providing a warning at these locations and what can be done about it," Shortreed said.

The deputy reeve suggested that some type of beacon, which would be clearly visible at night, be located in areas where the current creates open water. "This would be a warning to snowmobilers to stay clear of the area," Shortreed commented.

Stanhope Reeve Jim Harrison commented that the township had posted a number of areas as potentially dangerous for snowmobilers because of the current, but that the signs are often ignored as the drivers "dare" the elements.

The motion sought the help of Victoria-Haliburton MP Bill Scott in attempting to do something about the situation.

At least one snowmobiler is believed to have lost his life in the Minden area as a result of driving too close to open water.

\$2000 damage

Both cars involved in an accident on Highway 35, south of Minden on February 19, sustained \$2000 damage.

Angus MacInnes, 48, of Haliburton has been charged with failure to yield when he drove a 1972 model car out of a private road and onto the highway where the car collided with a 1969 car driven by Phyllis Wood, 55, of Minden.

The investigating officer was Constable Brian Dunham.

Drives off curve

Malcolm Jones, 24, of Wilberforce suffered minor injuries when the 1971 car he was driving slid off a curve on Highway 648, entered the ditch, and struck a tree. The accident happened on February 20 as the car was travelling north in the Harcourt area.

Jones was charged with having no insurance and with failure to report the accident.

The vehicle driven by Jones sustained \$1500 damage in the crash.

Romp over league leaders as play-offs approach

The Haliburton Huskies showed in a 10-3 romp of the top-place Lakefield Chiefs on Saturday February 23, at Haliburton, that they are able to play unbeatable two-way hockey when they feel like it.

The Huskies also showed that they can be sloppy defensively and non-productive offensively in a 7-4 defeat at the hands of the Bancroft Jets on Friday, February 22, at Bancroft.

The Haliburton team will have to learn to beat Bancroft at home if they wish to make things easier in the semi-final play-off round against the Jets starting this week. On Friday they showed little "gusto" in front of the enthusiastic Bancroft crowd, and allowed Bancroft to pounce on them for six goals in the last two periods.

In the first period, the Huskies most disciplined period, Haliburton pulled in front 2-1 after McGhee had put the Jets quickly out in front at the 1:41 mark of the opening period.

Dave Brown tied the game for Haliburton with 7:18 remaining in the period, and Dwight Sisson put the Huskies out in front with an unassisted goal, 1:54 from the end of the period.

Bancroft needed to beat Haliburton to put themselves in second place. They shut-out the Huskies and scored three times to double the Haliburton club 4-2 at the end of two periods.

Randy Fransky, the league's leading scorer with over forty goals, lifted Bancroft into a 2-2 tie 1:41 into the second period.

Jeff Rupnow and Bill Fransky thrust the Jets into the two goal lead with tallies at 16:39 and 18:52 of the

middle frame.

Joe Roberts, the Huskies' captain, put Haliburton back in winning range with a goal at 2:10 of the final period set up by Dave Brown.

In the last minutes of the game Bancroft went wild. They scored three times in the space of 90 seconds to put the game out of Haliburton's reach.

McTaggart got the first goal of the Bancroft spree at 14:25 of the third period, while Jeff Rupnow and Bill Fransky were the other fast-paced Jet scorers.

Andy Salvatori added a point for Haliburton nine seconds before Fransky's final Bancroft goal, to end the game 7-4 in Bancroft's favour.

Despite the loss to Bancroft, the Haliburton squad turned around and trounced the league-leading Lakefield Chiefs 10-4.

It was an important game for the Huskies, as it will certainly give the team confidence going into the play-offs.

Haliburton and Lakefield exchanged goals in the first period that saw both goalies, Wood for Haliburton and McCormack for Lakefield, come up with spectacular saves.

Lakefield had taken a 1-0 lead early in the game. Ed Roberts then tied the game, after being set up in front by Haliburton's cornerman Mike Rae.

Three goals, including two on the power-play, lifted the Huskies to a 4-1 lead after forty minutes of play.

Joe Roberts, who led the game with three goals and four assists, broke in alone on McCormack and drilled a wrist-shot that the goaltender juggled in his glove before

dropping the puck over the goal line.

Dave Brown and Dwight Sisson netted the other Huskie goals in the second period.

The fans never expected the six-goal Haliburton spree in the third period, and the close finish they were expecting, the Huskies didn't allow.

Joe Roberts scored his second of the night one minute into the period, but moments later, at 1:14, Lakefield had scored to tighten the game to 5-2.

At 3:06 of the last period Salvatori put Haliburton into a four goal lead when he knocked the puck out of the air with his glove then batted it behind Lakefield goaltender McCormack.

O'Hara added to the Huskies total when he blasted a slap-shot that hand-cuffed Lakefield goaltender McCrae

who was replacing McCormack.

Mid-way through the final period Salvatori and Brown found themselves standing in front of the Lakefield net all alone. They passed the puck back and forth until Salvatori was able to slip his own rebound behind a helpless McCrae.

Mike Rae scored Haliburton's ninth goal at the 11:14 mark of the period after receiving a forward pass from Ed Roberts.

Lakefield began to take the pressure off themselves and apply some to the Huskies, as Steve Hardill finally put a rebound under a sprawled Craig Wood at 14:14.

Joe Roberts put the icing on the cake by completing his hat-trick and wrapping up a 10-3 Haliburton victory late in the third period.

The trouncing gave the Huskies lone-possession of second place, and an all-important home-game advantage in their semi-final play-off action against the Jets.

Here are the results of the hi-lo doubles tournament rolled February 24 at Carnarvon Lanes: Charles Cronkright and Marj Doyle 302; Joyce MacMasters and Norma Foster 239; Kay Osler

and Leena Kivista 162; Meryle Nelson and Dave Bailey 144; Morris MacLaughlin and Clare Little 91; Jim Wilson and Gord Everall 87; Ida MacLaughlin and Lil Martin 71; Sandra Tripp and Bert Jones 60.

The winners will proceed to the regional finals.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up, close and convey a portion of the original allowance for road between Lots 15 and 16, Concession 5, in the Township of Lutterworth.

NOTICE IS HEREBY GIVEN, pursuant to Section 443 of The Municipal Act, R.S.O. 1970 as amended, that the Council of the Corporation of the Township of Lutterworth, at its Regular Meeting to be held at the Council Chambers, three miles south of Minden on Highway No. 35, on Thursday, March 20th, 1980 at the hour of 7:00 p.m., proposes to consider and, if deemed advisable, to declare its intention to pass, following appropriate statutory notice to the Clerk of the County Council of the Provisional County of Haliburton, a By-law to stop up, close and convey the above-noted parcel of land, being more particularly described as follows:-

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Lutterworth, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Lots 15 and 16, Concession 5, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Easterly limit of Lot 16, Concession V, in the said township, having a bearing of North 20 degrees 53 minutes West, as shown on Plan R.D. 123.

COMMENCING at an iron bar in the Westerly limit of Lot 15, Concession V, in the said township, which is distant 989.7 feet measured Southerly thereon on a course of South 20 degrees 53 minutes East from the North Westerly angle thereof;

THENCE continuing South Westerly along the aforesaid Westerly limit, 661.50 feet to an iron bar;

THENCE South 68 degrees 40 minutes West, 66.0 feet to an iron bar in the Easterly limit of Lot 16, Concession V;

THENCE North 20 degrees 53 minutes West, 336.92 feet to an iron bar;

THENCE North 1 degree 10 minutes 30 seconds West, 20.71 feet to an iron bar;

THENCE North 12 degrees 58 minutes 30 seconds West, 281.95 feet to an iron bar;

THENCE North 16 degrees 38 minutes East, 33.20 feet to the Point of Commencement.

WHICH SAID Parcel or tract of land may be further illustrated, shown in heavy outline on a plan of survey by H.C. Bishop, O.L.S., dated December 27, 1979, and attached to the proposed By-law.

AND TAKE FURTHER NOTICE that before declaring its intention to pass the said By-law following appropriate statutory notice to the Clerk of the Provisional County of Haliburton; - the Council of the Corporation of the Township of Lutterworth shall, at its meeting to be held at the time and place above-mentioned, then and there hear in person or by his or her Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

Dated at the Township of Lutterworth this 11th day of February, 1980.

Puck talk

Midget

The Minden Midgets made a most valiant effort in their best-of-five play-off round against Bobcaygeon.

The Minden club were out-scored 4-0 and 8-5 in their first two games of the series. The losses made it impossible for them to stay in the playoffs unless they were to win the next three games straight.

They not only won the three games but the 4-2 victory in the final game of the series was as close as Bobcaygeon got. The first two Minden victories were by 6-2 and 4-0 scores.

Bobcaygeon led the fifth game 1-0 after one period. Harold Porter tied the game eighteen seconds into the second period for Minden, but nine seconds later Bobcaygeon took the one-goal lead again. With 6:31 remaining in the second frame Porter scored his second of the game to tie the score at one.

The third period was all Minden as Shaun Chapman and Ivan Ingram netted goals to advance Minden further in the play-offs where they meet Warsaw.

The first game in the series against Warsaw was on Tuesday night.

Juvenile

The Minden Juveniles played three games, winning once and losing twice to Port Carling.

Minden's victory came in Port Carling on Sunday February 17 when they squeaked by the home-team 4-3.

Kim Hamilton scored two of Minden's four goals with Tim Davies and Corey Walker completing the Minden total.

When the teams played in Minden on Friday February 22, it was another close one, this time Port Carling was on the favourable end of a one goal, 8-7 victory.

Kim Hamilton once again led the Minden club with three goals, with Tim Davies also netting three and Gary Harrison adding the other Minden point.

Port Carling's winning goal was scored with 5:13 left in the game when Minden was short-handed.

Minden's 16-2 "living-horror" loss to Port Carling on Sunday February 24, in Port Carling, eliminated the Minden club from the play-offs as they lost the play-off round seven points to three to Port Carling.

Tyke

The Minden Tykes who in the past had to depend on Lorne Greer's shutouts to pull off a victory, showed tremendous fire-power in a 6-0 win over Haliburton.

Randy Bull, the team leader, scored three goals for Minden, while Aaron Hie scored twice, and Lee Raback once to wrap-up the victory.

Goaltender Lorne Greer kept the puck out of his net the entire game to add to his already long list of shut-outs.

Atom

The Minden Atoms played three games during the week of February 17 - 23. They lost their first two games, the first to Oakwood on February 17 by a 3-1 score, the second to Orono by a score of 2-0. In their final game of the

on to Wilberforce to take part in the Monmouth Cup Tournament where they defeated Wilberforce 11-1.

Scott Russell scored six goals in the Minden trouncing, while Jeff Francis scored three times, with Sheldon Stevenson and Joey Boyle scoring singles. Murray Sweet netted the lone Wilberforce goal.

In the first period of their game against Haliburton (Team I) Sheldon Stevenson opened the scoring for Minden then Steve Primetied the score at one for Haliburton.

Jeff Francis scored the only goal of the second period to lift Minden into a one goal lead.

Joey Boyle and Sheldon Stevenson added the finishing touches in Minden's 4-1 out-of-town victory against Haliburton.

Tri-county

Novices

The Minden team put on a steady defensive display to crush Haliburton (Team I) 4-1 in Haliburton on Saturday February 23.

Minden's win coupled with their 2-1 victory against Haliburton on February 12, eliminates Haliburton (Team I) from the series. Minden will go on to play Haliburton (Team II) in a best-of-five series, as Haliburton (Team II) eliminated Manvers from the series.

Two hours after they had defeated Haliburton (Team I) this same Minden club went

Bantam

The Minden Bantams trounced Cannington 10-0 while playing with only five players. The game was played in Cannington on Saturday February 23.

Andrew Shapiera led the slaughter with five goals, while Larry Miscio added four goals with Daryl Ward scoring once.

AROUND THE TOWN

by Jeanne Sears

It seems the Soviet athletes were down as they had one less medal in the Winter Olympics, and it seems (according to their coach) the reason the United States Hockey Team won the Gold Medal was that President Carter ordered them to do just that. What good-will there was, was in the closing exercises, as you could see some of the athletes had traded jackets and a variety of buttons were everywhere.

Mr. and Mrs. Dick Kirkwood have received word of the death of Mrs. Calvin Tanner; she was the former Gladys Parker, daughter of Rev. and Mrs. W. Parker who were in our village at one time.

Congratulations to the winner of the Box of Groceries drawn for at the W.I. meeting last Wednesday, Mrs. H. Richards of Aurora, holding ticket number 343. The proceeds from this draw went to the New Library Fund.

Sincere sympathy goes to the families and friends of the late Mrs. E. Bert Harrison and Ernest Avery (Haliburton) whose funerals were since last week.

Surprise weekend guests with his mother Mrs. Ern Hewitt were the Fred Hewitt family of Scarborough.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for cribbage Verna McDonald and Lil Davidson and for euchre lone hands May Spence and Marg McAfee and Edna Trumbull.

New arrival is a baby boy for Joanne and Randy Anderson (Bull). Congratulations to them.

All her friends send good wishes to Mrs. Bill Burns who is a patient at the local hospital.

We hear that the Jeff Campbell family are home and enjoyed a pleasant holiday in Florida.

Don't forget these people at Hyland Crest Home celebrating birthdays in March. Irene Burns 13th, Violet Young 16th, Pearl Bowron 21st, Catherine Teasdale 24th, Alfred Richardson 2nd, Bruce Sims 5th, Ralph Daniel 14th and Hugh Kernohan 22nd.

All the libraries (10 branches) in our county have been busy the past two Wednesdays as they took off 200 books in various categories and received the same amount in exchange. drop in at your branch, perhaps they have something different and you may now have time to read that 'special book'.

Take a look at the afghan on display in Stedman's window and then get a ticket for the draw for Minor Hockey. This is to be in May. The afghan was donated by Lil Gorveatt.

Something else new is the "Hook Stitch" on the wall hanging at Mae's. You pay 25c or more and get a thread or two in the hanging. When

this is completed there will be a raffle on the completed article and proceeds from all this will go to the new Library Fund.

This is a busy week coming up, Friday Thrift Shop will be open from 2-5 at the Parish Hall and they are also offering left-over bazaar items at reduced prices. Then that evening at 7:30 will be the Leap Year Card Party at Hyland Crest Auditorium. Minden and District Horticultural Society meet at the Municipal Hall March 4 at 7:30 with speaker Ray Halward from Royal Botanical Gardens and before the meeting you can go through the Mobile Unit which he is bringing with him. The United Church Women have their meeting coming up March 5 at 8 p.m. at United Church Hall, then March 7 will be World Day of Prayer at Hyland Crest Auditorium at 2 p.m. Our city friends ask us what do we do with our time???

You get an extra day to get

Minden W.I.

The regular meeting of the Minden Women's Institute was held February 20 at the United Church hall. Mrs. Clare Brown welcomed the 25 members and two guests to the meeting. It was noted that two new members have joined the institute.

Following reports from the treasurer, Mrs. A. S. Kernohan, and the secretary, Mrs. J. Hulbig, the meeting was told by Mrs. W. Moore that during the past month 29 cards had been sent to the sick and shut-in. Several who were present at the meeting expressed their gratitude for the institute's thoughtfulness.

After a discussion, the members of the institute declined an invitation to cater a wedding buffet. It was felt it would be too late in the evening.

Following a vote, it was decided that Kitchener would be the destination of the spring bus trip. Mae Wolfram will be responsible for the arrangements.

Four members were named

your License Plate Sticker, but only because it is Leap year.

A bit of fun -- During his 100th birthday interview the salty centenarian told the reporter: "If I'd known I was going to live this long, I'd have taken better care of myself."

The clock of life is wound but once
And no one has the power
To tell just when the hands will stop
At late or early hour.

Now is the only time you own
Live, love, toil with a will
Place no fault in tomorrow for,
The clock may then be still.
Mrs. George Sutherland, N.S.

There were many snow-machines driving around over the weekend, we suppose for the Timmy Snoworama, anyway there was snow for that. The sun is getting warmer, melting the snow quickly and the days are getting more light hours, so how was your weekend? Cheerio until next time.

We've certainly had some mild weather since last writing. This is the most open winter that I can remember.

Five members of the Executive of the Haliburton County Chapter of the Association for Children With Learning Disabilities travelled to Adam Scott Collegiate in Peterborough last Wednesday night to hear three speakers from the Tomates Centre in Toronto. These people seem to be doing a fine job of helping children with learning difficulties. Those attending were Jack Hill, Gerry Feltham, Wilma Powers, Nancy Picard and myself. The Peterborough Chapter is to be commended for having these excellent speakers in attendance - some sixty people turned out to hear them.

Gerry Griffin came home from hospital last Friday. He has added a little to his weight - he has a body cast from the waist down and will keep this added burden for a few weeks.

anthem. A tasty lunch followed.

The next meeting of the Minden Women's Institute will be held March 19 at 2 p.m. at St. Paul's Anglican Church hall. Mrs. Ern Hewitt will be in charge of the program. All ladies in the area are invited to attend with a special invitation being extended to former W.I. members.

24 hours a day

Weatheradio stations, which operate 24 hours a day, use one of three designated frequencies 162.40 MHz, 162.475 MHz and 162.55 MHz. In Canada, stations are operated by the Atmospheric Environment Service, Environment Canada. They transmit weather information continuously over Very High Frequency-FM radio, providing up-to-the-minute weather forecasts and reports which can be received on inexpensive special equipment. It's all part of our environment.

A Penney's Worth

by Yvonne Penney

Murray Davis and Bud Thomas are also home from hospital. Best of luck to all three.

Our condolences to the family of the late Mrs. Bert Harrison of Kushog Lake who passed away last Thursday.

Today, Sunday, we ran the Snoworama trip for Crippled Children - we clocked it at eighty miles - it was the best run in six years, in my opinion. We travelled a route, that was over lakes for the most part with a minimal amount of land trails. There were some beautiful sights - such as a waterfall frozen with the sun sparkling on it, also trees laden with newly-fallen snow. The trails were very well marked which was a blessing as at times it was impossible to see. I turned in pledge sheets for a total of \$873.75 and I would take this opportunity to thank my sponsors - one and all. I was disappointed when I picked up my sponsor sheet which had been on the bulletin board at the OPP station for approximately one month prior to the date of the run -

there wasn't any more on it than when I left it - nil. I completed the run with four others, Shirley, Cathy and Jeff Howe and Keith Thomas. We encountered very few problems - my problem was running out of gas, but Keith, being a gentleman, towed me into the next check-point where I obtained gas to finish the trip. We enjoyed a hearty well prepared lunch at the Secondary School in Haliburton. The total amount raised for Crippled Children was \$17,653.00.

Congratulations to Ray and Chris Johnston on the birth of a son born last Wednesday, a grandson for Ruby and Elvin Johnston.

Don't forget to mark March 7 on your calendar and please plan to attend the World Day of Prayer Service in your local area. Services will be held in Carnarvon United Church on that day for our area.

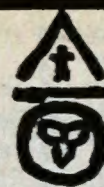

Sympathy of this community is extended to Bob and Nikki Fletcher and family on the death of Bob's father in Toronto.

AT REST

MANSFIELD, OSWALD V. (BUD) - at the Peterborough Civic Hospital on Monday, February 25, 1980 in his 70th year, dear brother of Richard, William, Emery, Helen, Mona and Patrick, all predeceased, fondly remembered by many nieces and nephews.

Resting at the Funeral Chapel of John Welch & Son, Minden from 2:00 p.m. Wednesday until 10:00 a.m. Thursday, February 28th then to St. Patrick's Catholic Church, Kinmount for Funeral Mass at 11:00 a.m. Spring Interment St. Patrick's Cemetery. Rosary Prayers in the chapel Wednesday evening at 8:00 p.m.

IN MEMORIAM

LAMB, IRIS (Nesbitt)
In loving memory of a wonderful wife, mother and daughter who passed away February 27, 1978.

I little knew when I woke that morn
The sorrow the day would bring.

The call was sudden, the shock severe,
To part with one I loved so dear.

Sometimes it's hard to understand

Why some things have to be
In His wisdom God has planned

Beyond my power to see.
Though her smile is gone forever

And her hand we cannot touch

Still we have so many memories

Of the one we loved so much.
Her memory is our keepsake

With which we'll never part;
God has her in His keeping

We have her in our heart.
Sadly missed and always remembered by husband Ron, son Shawn and Dad and Mother.
